

Olive Smoke:

Name: **Degn, L-107**

Source: **Westech**

| Chemical | Parts by weight |
|-------------------------------------|------------------------|
| Antimony Trisulfide, Chinese needle | 1 |
| Potassium Nitrate | 1 |
| Meal Powder | 1 |
| Sulfur | 1 |
| Realgar | 1 |

Notes:

May be rammed into any size casing with clay plugs at both ends, then drilled with a 1/8 inch diameter vent hole in either the side or the end. If end lit, a BP prime layer may help prevent ignition problems. Fuse with Visco or black match.
